Congressman Hits Pacifists.
 During the discussion of the fortification bill yesterday, Representative Montague, former governor of Virginia, attacked the pacifist. He said: "We cannot hope to terminate the war in Europe by preachments and parchments and lofty examples, desirable though that end may be. I would just as soon think of attempting to stop two bulldozers fighting on a street corner by reading them Tennyson's poem as to think that such efforts will bring an early peace in Europe."

Germany now has iron money in circulation.

Yellowstone Park
 Via the
Electrified Mountain Route

THERE are two wonders to thrill and instruct on your trip to the Pacific North Coast this summer—the stupendous achievement of electrification of the main line of the "St. Paul" over the great Continental Divide—and Nature's "Old Curiosity Shop," Yellowstone National Park, which is reached by a side trip from Butte, Mont. The Circle Tour of the Park from Butte costs less than via any other northern route.

For 440 miles the main line of the "St. Paul" is electrified (230 miles in operation). Giant electric locomotives haul the all-steel trains—"The Olympian" and "The Columbian"—smoothly, silently, over the mighty Rockies. No smoke, cinders or dust to annoy or mar your vision of the magnificent scenery on view from car window and observation platform.

CHICAGO
Milwaukee & St. Paul
RAILWAY

Between St. Maria, Idaho, and Spokane, Wash., travelers on the "St. Paul" can without additional cost make this lap of the journey by steamer down the "Shadowy" St. Joe River and across picturesque Couer d'Alene Lake.

At the end of the journey is Rainier National Park and the innumerable attractions of the Puget Sound Country to be enjoyed.

campaign will be a real fight, but the Democrats have nothing to fear from it. We admit that the Mexican question is a problem we have not been able to solve as yet; but we would like to know in what respect our critics would have acted differently.

"Mr. Hughes' statement appeals to me as a wonderful exhibition of preparedness," declared John J. Fitzgerald, of Brooklyn, chairman of the Appropriation Committee of the House. "It reminds me of a man who arises with the announcement, 'I will now deliver my carefully prepared extemporaneous speech,' as the Republican ticket. It doesn't make any difference who they name, we'll win in a walk next November."

"There is no question but that the German-Americans are deliberately happy over the nomination of Mr. Hughes in Chicago; and there is no question that Mr. Hughes' nomination was clearly due to the belief that he could command the votes of the 'hyphenates,'" said Representative Warren Worth Bailey, of Pennsylvania.

WILSON BACKERS READJUST PLANS

Democratic Leaders Change
 Platform Draft to Meet
 Hughes' Virile Stand.

By JOSEPH P. ANNIN.

All Democratic campaign plans are being readjusted to meet the unexpected menace of a virile Republican candidate with a united party behind him, running on a personal platform, which Democrats regard as far more dangerous to their interests than the comparatively innocuous platform adopted by the Republican convention.

Political monkey-wrenches are being piled with renewed vigor, tightening every bolt and screw in the Wilson steam roller. Every possibility of a slip-up is being studied. Party solidarity is being raised to the nth power and no bad boys need apply. (Lincoln, Neb., papers and Tammany chiefs please notice.)

The principal hope of Democratic leaders now is that a little careful fostering of the German Alliance indorsement of Candidate Hughes may force one of two developments:

1. A violent repudiation of this support by Candidate Hughes, which would drive the German vote back to Wilson as the lesser of two evils, or

2. A repudiation of the Republican candidate by Col. Roosevelt and his followers and the injection of a third party into the campaign, in the event that Candidate Hughes declines to drive the German Alliance away from his standard.

Few Democrats Leave.
 Of course, it is realized by this time that Mr. Hughes is about as susceptible to the "smoking out" process as a duck is to chibblains. But at least, they hope that the Colonel will not, despite their aid, even at this late hour, despite the fact that the Progressive party, with which he would be expected to elect Wilson, is now worm-footed.

Yesterday witnessed a thin exodus of Democrats, St. Louis bound. Few are going to the convention, because they can sit down right now and map out the entire program. Secretary of War Baker left with the President's drafts of the more important planks in the platform under his arm. These planks have been carefully gone over and strengthened by the President since the publication of the Hughes telegram of acceptance. This is particularly true of the passage dealing with the Mexican policy, which Democrats regard as the most vulnerable spot in their armor, and which Mr. Hughes emphasized. Secretary Baker will be engineer-in-chief of the Wilson steam roller.

President Wilson's plans for a stay-at-home campaign also have undergone marked change. Technically speaking, he will not "take the stump," but actually he will be as busy as a fiddler at the husking. His trips will take in "set speeches" in virtually all parts of the debatable territory. Included in dates already set are speeches in Albuquerque, N. M., Detroit, New York, and Lincoln's birthplace in Kentucky.

Ulsterites Seek Settlement.
 London, June 12.—The Daily News learns from an official source that the Ulster unionist council today authorized Sir Edward Carson to negotiate for a settlement on the basis of David Lloyd George's proposal, but expressed detestation of home rule, reserving freedom of action if the negotiations prove abortive.

Garden Party Benefit Given.
 A garden party for the benefit of the Washington Eye, Ear and Throat Hospital was held last night at the Willard Hotel, Fourteenth and P streets northwest, loaned for the occasion by Mrs. C. G. Nye. The committee in charge consisted of Mrs. C. K. Braselton, chairman, Mrs. William Pollard, Mrs. Harry Gentner and Mrs. A. P. Robbins.

BALLSTON FARMER JOINS TANLAC RANKS

Suffered from Liver and Kidney Trouble for Long Time.

NOW MUCH BETTER

Notices Improvement After Taking
 Only One Bottle of Master
 Medicine.

The reputation of Tanlac travels before it. On the second day after Mr. Singerman, the Tanlac representative, came to Ballston, Va., Mr. R. J. McElhinney, of Ballston, Va., came in to see him. He had already been taking Tanlac, having secured it through The People's Drug Store, but he wanted to talk to the Tanlac man. His story is an interesting one:

"My liver and kidneys were in a very bad condition. I used to have pains in my side and back, which must have come from the kidneys. I was also very nervous and you might say, 'Just run down.' I have only taken one bottle of Tanlac so far, and while I would not say that I am entirely cured, I can say that there is a great improvement, and I feel much better since taking this medicine. The pains in my side and back are not as bad as they used to be, and I have noticed an improvement in my general condition, and my nerves seem to be in proper shape."

Tanlac, that has rendered such timely aid to Mr. McElhinney, is now being introduced in Washington. Tanlac is conceded to have great therapeutic value in cases of stomach and nerve exhaustion, and in kidney and catarrhal complaints. It's action as a reconstructive tonic, strength producer, invigorant, and tissue builder is without parallel in the history of medicine.

How to use Tanlac and what results to expect from its use is explained daily by the Tanlac representative at the People's Drug Store at 7th and E Sts. N. W., and every evening at People's Drug Store, 14th and U Sts. N. W. It is also sold at all the other People's Drug Stores, located at 7th and K Sts. N. W., and 1150 7th St. N. W.—Advs.

WILL REPAIR TRACKS.

Fourteenth Street System to Be Overhauled.

The Public Utilities Commission yesterday announced that the Capital Traction Company would rebuild its tracks on Fourteenth street, between H and K and Riggs and U streets. Complaint has been made about these tracks.

The commission made public a letter from J. H. Hanna, vice president of the Capital Traction Company, reporting that a repair gang had already started work at Fourteenth street and Park road to repair the joints on the whole Fourteenth street system.

Inspectors of the Public Utilities Commission have been sent out to investigate a number of complaints that Fourteenth street needs resurfacing between Park road and H street, due to the bad condition of the tracks.
